## FILTER CHAMBER

# INSTALLATION MANUAL

Model:TCB-FCY21DE, FCY31DE, FCY51DE, FCY100DE

## 1. CONFORMED AIR CONDITIONER

Conformed air conditioner is as follows. Please check a model name.

Filter chamber model name	TCB-FCY21DE	TCB-FCY31DE	TCB-FCY51DE	TCB-FCY100DE
Model name	MMD-AP0181H	AP0241H to AP0361H	AP0481H	AP0721H to AP0961H

## 2. COMPONENT PARTS

Parts name	TCB-FCY21DE	TCB-FCY31DE	TCB-FCY51DE	TCB-FCY100DE
Filter chamber	1	1	1	1
Fixed screw	6	6	8	10
Installation manual	1	1	1	1

## 3. INSTALLATION PROCEDURE

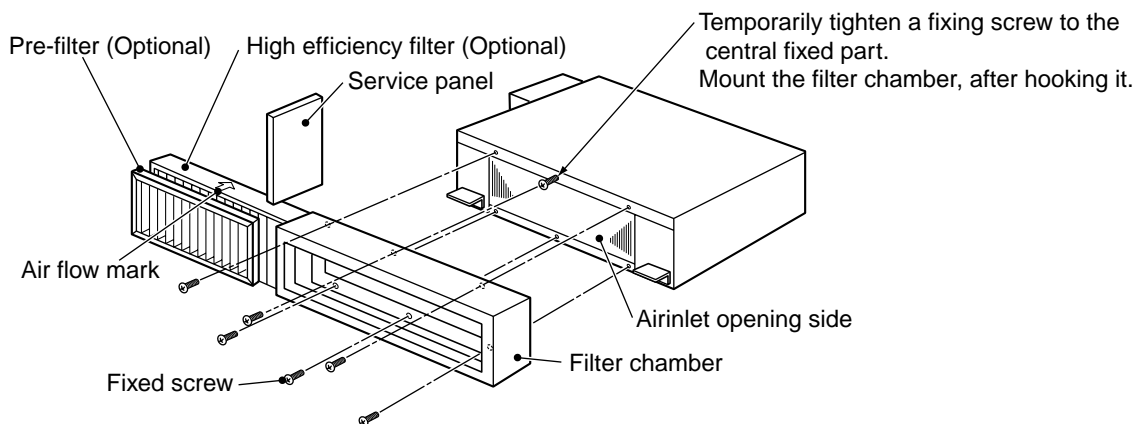

- (1) Mount the filter chamber to the airinlet opening side of the air conditioner with the attached fixing screws.

The mounting direction should be such that the service panel of the filter chamber is located on the side of the inspection opening.

- (2) Remove the service panel, and insert the pre-filter and high-efficiency filter (sold separately) into the chamber.

**Note:** Each of the filters has polarity. Check the air flow mark and insert it to the direction shown in the following figure.

- (3) Mount the service panel.

\* This attachment figure shows the case of TCB-FCY21DE and TCB-FCY31DE.  
In TCB-FCY51DE and TCB-FCY100DE, fixed screws increase in number with 8 or 10.

### CAUTION

Mount it properly by following the instructions in this installation manual.  
Mounting it improperly may cause abnormal sounds or failure of the air conditioner.
